Reflectors & Markers

Pavement Markers

Pavement markers are ideal for hazardous work zones.

RPM Pavement Marker 4"x4" Case of 100

-  #8002 1-way white w/Butyl **\$173.50**
- 1-way yellow w/Butyl **\$173.50**
- 2-way white w/Butyl **\$184.00**
- 2-way yellow w/Butyl **\$184.00**

Halftrack Pavement Marker 4"x2" Case of 200

-  #80026 1-way white w/Butyl **\$262.25**
- 1-way yellow w/Butyl **\$262.25**
- 2-way white w/Butyl **\$289.25**
- 2-way yellow w/Butyl **\$289.25**

Road Reflectors

These reflectors can be used to build a boundary near road edges, cliffs and more! Reflectors are 3" in diameter with a 3/8" hole. Available in Amber or Red.

-  #RF-1 PLASTIC REFLECTOR
Amber or Red **\$2.75**
-  #RF ALUMINUM REFLECTOR
Amber or Red **\$3.50**

Pathfinder Raised Markers

Pathfinder's non-reflective raised pavement markers hexagon pattern increases strength & adhesive surface area. Physical and audible warning for motorists. Manufactured Using Polypropylene.

CASES OF 100

- 4" white **\$100.00**
- 4" yellow **\$100.00**

Roadguide Plastic Barrier Markers

Produced using specially formulated high impact polymer that provides exceptional flexibility increasing impact resistance, molded to bend on impact & return to original shape. Larger molded hole to allow more adhesive to flow through to increase the bond between marker & barrier, facilitating ease of installation. All sheeting complies with ASTM 4956.01.

4"x16" w/3"x12" sheeting - Cases of 50

- White H.I. sheeting 1-way **\$369.25**
- White H.I. sheeting 2-way **\$369.25**
- Yellow H.I. sheeting 1-way **\$369.25**
- Yellow H.I. sheeting 2-way **\$369.25**

Roadguide Plastic Barrier Markers

Produced using specially formulated high impact polymer that provides exceptional flexibility increasing impact resistance, molded to bend on impact & return to original shape. Larger molded hole to allow more adhesive

to flow through to increase the bond between marker & barrier, facilitating ease of installation. All sheeting complies with ASTM 4956.01.

3"x4" w/3"x4" sheeting 2-way: Cases of 300

- White or Yellow w/H.I. sheeting 2-way **\$711.50**
- White or Yellow w/D.G. sheeting 2-way **\$1,105.75**

Temporary Overlay Markers

Most effective and convenient product on the market to provide short-term pavement markings that work effectively in both day and night. **Case of 500 markers**

-  #8007 Temporary Overlay Marker
- 1-way white w/Butyl **\$406.75**
- 1-way yellow w/Butyl **\$406.75**
- 2-way white w/Butyl **\$427.75**
- 2-way yellow w/Butyl **\$430.00**

-  #80073 Temporary Chip Seal Marker
- 1-way white w/Butyl **\$420.25**
- 1-way yellow w/Butyl **\$420.25**
- 2-way white w/Butyl **\$458.25**
- 2-way yellow w/Butyl **\$458.25**

Diamond Reflector

Reflectors for hazards near roads drawing attention to wooded areas or drop offs. Measuring 18" x 18" with 9, 3" plastic buttons on .080 aluminum baked enamel. Available in Amber, Red and Red on Black.

-  #RF-9 Choose:
Amber, Red or Red on Black **\$40.00**

Epoxy Resin - 2 Gallon Kit

Pega-Bond 9509 Epoxy Resin for delineator installation. Please follow detailed directions.

1 gallon part A & 1 gallon part B needs to be mixed together. Will affix 200 Pathfinder markers.

- # 525013: 2 Gallon Kit **\$240.95**

Guardflex Guard Rail Delineator

Provides exceptional visibility on roadways where vision is restricted. Produced using specially formulated high-impact polymer that provides exceptional flexibility, increasing impact resistance. Molded holes are provided for ease of installation. Each marker can utilize up to 24 square inches of reflective sheeting per side, providing motorists with safer nighttime driving conditions. Can be mounted to wooden or steel guard rail posts that place the top of the flexible delineator at 33" above the roadway.

4"x6" sheeting - Cases of 50

- White with H.I. sheeting **\$154.50**
- Yellow with H.I. sheeting **\$154.50**
- White with D.G. sheeting **\$207.00**
- Yellow with D.G. sheeting **\$207.00**

Temporary Overlay Marker

TPM has been designed for use in construction zones in conjunction with or in place of temporary tape or paint. The Glossy amber or white housing offers high visibility day or night. Its 1.6 square inches of reflective area on each side makes it the most reflective temporary pavement marker in today's marketplace.

EASILY INSTALLED AND REMOVED Use bituminous adhesive or butyl pad with primer for proper installation. Lift with edge of shovel for removal. Contact manufacturer for proper installation instructions .

- #TPM: Amber Two-Way **Box of 100 \$160.25**
- #TPM: Crystal Two-Way **Box of 100 \$160.25**

18"-36" Orange Cones w/ Black Base

One of the most durable cones on the market today. Meets MUTCD specifications & assures maximum day & night vision. Brilliant fluorescent orange color attracts immediate attention.

- #518-1: 18" No Reflective Collar, 3# base **\$7.50**
- #518-2: 18" w/1 Reflective Collar, 3# base **\$10.50**
- #528-1: 28" No Reflective Collar, 7# base **\$12.00**
- #528-2: 28" w/2 Reflective Collars, 7# base **\$15.00**
- #536-1: 36" Orange No Collar, 10# base **\$17.50**
- #536-2: 36" Orange w/Collars, 10# base **\$20.00**

18"-28" Lime Green Cones w/ Black Base

Meets MUTCD specifications.

- #JB2RS45015CLIME: 18" Lime No Collar, 3# base **\$7.75**
- #JB2RS45015CL3M6: 18" Lime w/Collar, 3# base **\$11.95**
- #JB2RS70032CLIME: 28" Lime No Collar, 7# base **\$13.25**
- #JB270032CLM3M64: 28" Lime w/Collar, 7# base **\$20.75**

Double & Single Collar Orange Traffic Cones

All vinyl construction assures durability and flexibility in all weather conditions. Long lasting brilliant fluorescent color provides high visibility protection. Ultraviolet stabilized color provides maximum resistance to fading. High density base creates low center of gravity for maximum stability. Engineered to meet MUTCD specifications. Custom Stenciling available upon request (minimum 50 pieces).

- #0660: 6" cone No Collar
- #512-1: 12" cone No Collar
- #1850-00-M: 18" cone w/6" collar
- #2850-07-MM: 28" cone w/4" & 6" collars
- #3650-10-M: 36" cone w/6" collar
- #3650-10-MM: 36" cone w/4" & 6" collars

- Case of 25 **\$106.25**
- Single Cone **\$5.00 ea.**
- Case of 20 **\$253.00**
- Case of 8 **\$170.00**
- Case of 4 **\$92.00**
- Case of 4 **\$103.00**

Colored Traffic Cones - 12" to 36" - Orange, Blue, Lime, White & Yellow

Used for parking lots, and general areas needing control. Also great for kids sporting events. Long Lasting brilliant fluorescent color provides high visibility protection. Ultraviolet stabilized color provides maximum resistance to fading. High density base creates low center of gravity for maximum stability. Engineered to meet MUTCD specifications.

- #1850-00-0: 18" Traffic Cone - Blue, Lime, Yellow, White (Case of 20) **\$212.00**
- #1850-00: 18" Traffic Cone - Orange (Case of 20) **\$175.00**
- #2850-07-0: 28" Traffic Cone - Blue, Lime, Yellow, White (Case of 8) **\$145.00**
- #2850-07: 28" Traffic Cone - Orange (Case of 8) **\$124.00**
- #3650-10: 36" Traffic Cone - Orange (Case of 4) **\$85.00**

Stenciling available upon request (minimum 50 pieces). Call for quantity pricing.

28" Orange Traffic Cone (10 lbs.)

Sold in carton of 5 cones. They feature a softer base and very competitive pricing. Meets MUTCD specifications and assure maximum day and night vision. Marks hazards, directs traffic, indicates special routes. Brilliant fluorescent orange color attracts immediate attention. **10 pound base.**

- #528-5: 28" No Reflective Collar, 10 lbs. **\$14.75**
- #528-7: 28" 2 Reflective Collars, 10 lbs. **\$19.75**

EZ-Stor Road Cones 5 Pack

Meet MUTCD Standards as well as the new NFPA standards. Each Lime Green cone is 28" high with a 4" & 6" reflective stripe. Cones have a 5 cluster LED light module in the bottom of the cone and a LED light on the top of the cones that can be detached & stored in the base of the cone. Lights operate on 2 "AA" batteries. These are a must for anyone who values their storage space but also values safety. Case size 13" x 13" x 13".

- #EZSTOR5: ORANGE **\$150.00**
- #EZSTOR5L: LIME **\$170.00**

#550-WO

Retractable Cone Bar - Choose Color

Cone bars form an instant barrier. Highly portable and versatile. Expand and retract from 4ft. to 7ft. Completely reusable instant barrier. Less than 5 lbs., easily transported. Highly reflective at night. CONES SOLD SEPARATELY.

Choose Color

#550-WO: Orange & White striped
#550-BKY: Black & Yellow striped

\$16.95
\$16.95

LED Traffic Cone Toppers

#3900

These traffic cone topper lights can be used on any traffic cone. 3 modes of operation, Steady-Flash-Hyper-Flash, Operates on 3 "AA" batteries, Can be used as a traffic baton, 15" high X 3" wide on top, Reflective collars, Gives Standard Traffic Cones extra visibility, therefore increasing safety.

#3900: BLUE \$14.95
#3900: RED \$14.95

UniLAMP™ - 6 Volt 360°

#UCW

Features a 360°, computer designed high clarity polycarbonate lens. Attaches to the top of traffic cones! Two versions: flashing and flashing with photocell. The yellow case is made of high impact polyethelene. Integrated cone mounting bracket. Powered by a 6 volt battery (not included). Available with amber or red lens.

#UCW: AMBER LENS \$16.50
#UCW: RED LENS \$18.00

Traffic Cone Signs - Choose Legend

Supplemental standard warnings and directions that create a safer work environment, and have been shown by the Federal Highway Administration to improve safety and reduce liability. Specially cut grooves allow the signs to install in seconds and lock firmly in place. All weather UV resistant construction maintains their high-visibility color. Can also be used on traffic barrels and traffic delineators.

Available Legends include:

SLOW | STOP | MEN WORKING | NO PARKING
| RIGHT ARROW | LEFT ARROW | BLANK

#17729: CHOOSE LEGEND - 13"W x 11"H \$9.95

T-Cap / Traffic Control Assist Product

#T-CAP

The T-CAP traffic control assist product, lengthens the span between cones allowing the use of fewer cones. Using the T-CAP in conjunction with the cone is a time saving, cost effective way to ensure safety in a designated area.

Sold in Boxes of 25 Caps
#T-CAP: \$191.00

Retractable Cone Topper w/10ft Belt

The perfect sign to place on top of your traffic cone. These traffic cone toppers are solid injection molded, polypropylene material, fit any standard traffic cone, are easy to install, no tools needed, are solvent, corrosion, and chemical resistant, are graffiti resistant, will not rust, have zero profile, and are UV rated 2-3 years indoor & outdoor durability. 10' Red/White Belt.

#551

#551: \$25.95

Heavy Duty Cone Holders

#CH155

#CH300

Our heavy duty coneholder is made of zinc plated steel to withstand years of rugged use. It bolts securely to work vehicles and holds 18" and 28" or 36" traffic cones, vertical mount. CH155 for 18" & 28" Cones is 22"H and holds 10 - 18" or 5 - 28" cones. Choose from 18" and 28" or 36" Cone size.

#CH155: For 18" & 28" cones \$15.25
#CH300: For 36" cones \$32.75

Econocade® II Traffic Barrels

Econocade® II Barrel is shorter in height from the original, making it lightweight and easier to transport. Tire Locking Ring™ - Texturized Locking Ring™ grips tire, giving you security on the job. Stack more at 36.77" high, making you more productive. Comfort grip handle for secure, easy pick-up, innovative "light ledge" keeps light upright. Accepts tire ring & many rubber bases. Thick walls make this drum rugged and durable. Five tier design to maximize reflective sheeting, available in low or high density polyethylene.

CrashGard Sand Barrel

Certified: To ensure effective performance and compliance, we tested CrashGard Sand Barrel System to NCHRP-350 Tests 3-40 through 3-44, at Test Level 3. CrashGard passed all applicable tests and is certified to 62 MPH (100 kph). FHWA has issued Acceptance Letters CC-97 and CC-97A for the CrashGard Sand Barrel System: CC-97: Approved for use as an NCHRP-350 Test Level 3 device. CC-97-A: Approved for use in mixed arrays. CrashGard Sand Barrel System is designed for use in posted speed limits from 25-70 MPH. (Contact us for other speeds.) Durable: CrashGard is blow-molded from high molecular, high density polyethylene plastic (HLM/HDPE) that produces a stronger sand barrel. UV stabilizers maximize product life. Color-stable pigments resist fading. CrashGard withstands minor impacts during routine handling; filling or dumping sand loading or unloading a truck nesting for storage and transport. CrashGard Sand Barrel System is Universal: 1 CrashGard Sand Barrel accommodates all weight requirements: with insert: 200, 400 or 700 lbs. without insert: 1,400 or 2,100 lbs. 1 barrel eliminates the need to stock different sizes of barrels. 1 barrel reduces inventory costs and confusion.

Water Filled Barriers

Our portable barrier is a specialty barricade that is superior in strength & quality to the competition. The barrier is designed & built in 2 different sizes and can be used in a variety of security applications. Structurally sound with drain plugs and pre-molded attachment area for flashing lights. If your needs are force protection, physical security, crowd control, this barrier is for you. Lightweight, made of recyclable material & extremely easy to transport making for quick deployment and recovery. The use of heavy equipment is not necessary for installation or relocation. When positioned and filled with either water or sand the barrier can act as a protective wall or prefabricated revetment wall. While filled with either ballast our barrier will not bulge or distort like other portable barricades. Ships by truck only.

Radar Speed Control Sign - 12" Display

- Radar Speed Feedback Sign is modeled on the Speed Limit sign and made for pole mounting to calm traffic.
- 12" LED High Intensity Display gets attention of oncoming drivers.
- Pole not included.
- Can be directly wired to A/C electric service or optionally powered by a solar panel power system.
- Standard flashing digit Violator Alert.
- Rear access panel to critical components.
- "Your Speed" sign included (MUTCD R2-1 profile).
- Keyed ON/OFF switch.
- Appropriate for slower speeds (sub 35 MPH), readable to 750 feet.

#RU2FAST275: 32.5"H x 26"W x 4"D

\$3,150.00

Radar Speed Control Sign - 18" Display

- Radar Speed Feedback Sign is modeled on the Speed Limit sign and made for pole mounting to calm traffic.
- 18" LED High Intensity Display (appropriate for higher speeds 40 MPH+).
- "Your Speed" sign included (MUTCD compliant)
- Weight 53 lbs. Includes mounting hardware.
- Pole not included.
- 12 VDC operation or 100-277 VAC, 50/60 HZ input.
- Keyed ON/OFF switch. Single cycle 24 hour ON/OFF clock.
- GE Lexan shielding with a smoked, non-glare finish.

#179: 9' Long **\$149.00**

Speed control, Parking Blocks & Hose/Curb Ramps

Plastic Parking Stops - 6 FEET WIDE

- Designed with safety and durability in mind, eliminate the need for seasonal painting. Flexible enough to fit parking lot contours, yet rigid enough to withstand repeated abuse from cars and trucks.
- Constructed with high density polyethylene for weather, UV, and chemical resistance
- Will not chip, fade or crack.
- 50 Parking stops to a pallet
- Dimensions: 8"W x 4"H x 72"L, 15 lbs., Anchor Kit included.
- Made in the USA.

#1790: Choose blue, grey, yellow or black with yellow stripes

\$70.00

Parking Block - 6 FEET WIDE

This parking block is made of an injection molded polypropylene skin filled with expanded polypropylene beads. The result is a 6 lbs. parking block that is easy for one person to install, but durable enough to withstand extreme temperatures and every day wear and tear. Because of the lightweight design, it can ship in a box individually or a truckload.

- Solid plastic block requires no painting or maintenance
- Dimension: 72" x 6" x 5.25"
- Only weighs 6 lbs. Standard
- Heat and cold tested – will not buckle or break

#PARKINGBLK: Choose gray, blue or yellow

\$55.00

6' Rubber Speed Bump Black with Yellow Stripes

Place in strategic locations on the street, in parking lots, around schools or anywhere traffic calming is necessary. It slows traffic effectively without tire or vehicle damage. Temporary or permanent installation on concrete or asphalt.

- Lightweight and flexible, it conforms to contours of road surface.
- Withstand over 2,000 psi pressure.
- Easily transported & fast installation - no need for heavy equipment. Mastic or anchor pins available (Sold Separately)
- These heavy duty products are backed by a 2 year warranty

#VR-206-9: END CAP - 24W x 8L x 1.75H, mastic or anchor pins sold separately \$29.00

#VR-206-9: MIDDLE PIECE - 24W x 19L x 1.75H, mastic or anchor pins sold separately \$49.00

Triple 2" Channel Cableguards

- Channel: 2"W x 2" H; Overall: 37"L x 19"W; Weight: 28.50 lbs; Load Bearing Capacity: 12,250 lbs per tire
- Polyurethane is not biodegradable, has stronger abrasion and corrosion resistance, higher load bearing capacity,
- Maintenance - Easily cleaned and abrasion resistant to the elements
- Surface Pattern - Ultimate slip resistant pattern to minimize slips and falls
- Connectors - Ultra strong connection points with easy & safe configuration
- Safety Colors - Black base and orange lid making products easily noticeable by pedestrians and drivers
- Compliant - Dully Compliant with NEC, OSHA, REACH, and RoHS

#MG3200:

\$289.00

Curb / Hose Ramp - 3 SIZES

Construction companies love this product for maintaining access to driveways and businesses during milling operations or anytime access over stone curbs is necessary. Eliminates the need for cold patch or stone and saves time and money due to material costs and labor needed to place and remove loose materials. Ramps are reusable, easily stacked and transportable. Protect "in traffic" hose and electrical conduit runs with this effective, durable, long lasting product. Use to provide temporary or permanent hose and conduit runs from traffic. Also used to provide temporary ramp into driveways during construction along curbs. Lightweight and flexible, it conforms to contours of road surface. Economical and built to last, ENVIROform hose ramps withstand over 2,000 psi pressure. Great for fire hose applications.

#BHR: 36" x 12" x 2.5", 24 lbs. \$55.00 | #BHR: 36" x 18" x 3.5", 42 lbs. \$80.00 | #BHR: 36" x 24" x 5", 70 lbs. \$120.00

3 Single Tunnel System - Hose Bridge for up to 3" lines

- Polyurethane construction is abrasion, impact and weather resistant with high load-bearing capacity
- Diamond-plate tread surface increases traction
- Yellow caution color for high visibility
- Modular interlocking design is lightweight, easy to transport, setup, disassemble, and store
- Built-in hand holds allow for handling with ease and double as attachment points for mounting brackets
- WARNING: Vehicles crossing bridge system must have clearance of greater than bridge height
- WARNING: Hose Bridges are for rubber tired vehicles only (not for equipment with metal tracks)

#UHB2025: Hose Bridge for up to 3" lines

Military Wheel Chock - Double Sided - OSHA, DOT applicable wheel chocks for a variety of over the road uses. Suitable for various vehicles including, but not limited to: delivery service fleets, campers, boat trailers, small aircraft, recreational vehicles, as well as military ground equipment. Designed for downward pressure helps lock chock in place. Non-spark / nylon or hemp rope if applicable. Impervious to road salts. Eye bolt for optional chain, rope, or cable attachment to ground vehicles.

#MWC: Measuring 14"L x 5.5"W x 3.5"H **\$20.00**

Measuring 18"L x 9"W x 5.5"H **\$52.00**

Rubber Wheel Chock With Solid Bottom - Standard of the utility industry, durable recycled rubber construction, resistant to the elements, steel loop carrying handle, fits most chock storage compartments, allows either side to be positioned against the tire.

#RC450-S: 10" L x 8" W x 6.5" H with Solid Bottom **\$26.50**

Airline Wheel Chock - Constructed of reinforced rubber to provide a sure grip on virtually any surface. Rubber resists tearing, abrasion, ozone weathering, etc. Functional design is durable in all weather conditions. Suitable for small & large aircraft. Includes a 36" polypropylene rope with handle and reflectors connected to chocks.

#AC-18: 10"W x 4-1/2"H x 5"D **\$95.75**

Rubber Pyramid Wheel Chock (Black) - For heavy trucks, trailers, and road construction equipment. Roadblocks 915 Series Rubber Wheel Chocks are ideal for keeping trucks, trailers, and road construction equipment in place. They are strong, safe and resistant to damage from UV, moisture, salt and oils. Their traction design grips tire and road and will not cause tire or pavement damage. The chock design also allows either side to be positioned against tire.

#RC915: 11.5"Lx10"Wx7.25"H, 15 lbs **\$50.00**

Ozchock 105 Wheel Chock for Mining Heavy Duty Plastic Wheel Choks are available in a standard color of yellow with other colors available on request. Traction pads are essential to the safe usage of our chok range and are available. Designed to fit a wide range of tyre sizes.

#OZCH105: 15 11/16"W x 22 1/16"L x 11"H Weight: 35.3 lbs **\$286.50**

Heavy Duty Wheel Chock - OSHA, DOT applicable wheel chocks for a variety of over the road uses. Designed for downward pressure helps lock chock in place. Non-spark / nylon or hemp rope if applicable. Impervious to road salts. Eye bolt for optional chain, rope, or cable attachment to ground vehicles. Best Uses: WCR-7 for semis, dump & rush, tow trucks. WCR-9 for pick ups, RV's and utility vehicles up to a 16.5" wheels.

#WCR: Black or Yellow - 9"L x 8"W x 6"H Ribbed Both Sides (Other sizes & options available - call to inquire) **\$25.00**

Heavy Duty Wheel Chock 15.7L - Light weight with tough urethane construction, For tire diameter 46"-65". Recessed carrying handle on the backside of the chock, replaceable rubber anti-slip traction pads, Mounting hole for ropes, chains or brackets. Good mining equipment.

#MC3009: Measuring 15" L x 15.1" W x 11" H - Weighs 15 lbs. - Yellow **\$213.50**

Heavy Duty Wheel Chock 26.5L - Lighter weight with tough urethane construction. Recessed carrying handle on the backside of the chock. Replaceable rubber anti-slip traction pads. Mounting hole for ropes, chains or brackets.

#MC3011: Measuring 26.5" L x 14.5" W x 16" H - Weighs 32 lbs. - Yellow **\$425.00**

Roadblocks 2512 Series All-Terrain Urethane Wheel Chocks are specifically designed for use on fire equipment. They comply with NFPA 1901-09 and meet SAE-J348 standard for up to 32 inch wheel diameters. Tough, damage resistant polyurethane chocks are resistant to oils, fuels & solvents. They also feature high strength aluminum base plates with posi-grip traction cleats or anti-slip rubber traction pads. Has molded carrying handle & safety colors for easy identification.

Tripod Sign Stand for Roll Up Signs

- The T55 Tripod is an all purpose three legged economy sign stand designed to hold 36" & 48" roll-up & rigid signs.
- Powder coated steel construction and ease of use makes the T55 a smart choice for low to medium wind conditions.
- Meets MUTCD specifications, NCHRP-350 compliant.
- Compact storage, economical, and easy to use.
- Powder coated, all steel construction.
- Open footprint: 48" x 57".

#T55: 10 lbs. **\$39.00**

Uniflex Sign Holder - Screwlock Panel Holder - Aluminum Legs

- Holds 36" & 48" rigid and roll-up signs.
- MUTCD & NCHRP-350 compliant
- UF2000W has a single upright coil spring.
- Stands feature kick releases and Screwlock™ sign holder.
- Stands display roll-up signs 12" off the ground and feature foot actuated kick releases with three locking positions for stability.
- Single heavy duty steel spring provides stability in gusty winds.
- 100" wall aircraft quality tubing, leg length 30" & telescopes to 51".

#UF2000W: 22 lbs. **\$140.00**

DynaLite Aluminum Roll Up Sign Stands

- Displays 36" and 48" signs using ScrewLock™ attachment.
- NCHRP 350 compatibility. Complies with MUTCD standards.
- Lightweight - perfect for low wind applications. By eliminating a spring mechanism, this stand weighs 20% less than Dynaflex™ stands.
- Fast & easy deployment with the kick release system. Legs lock into position when fully extended.
- Telescoping aluminum legs with two position height adjustment and anti-skid foot pads.
- Minimum height from the ground to bottom of sign: 12"

#DL1000W: 15 lbs., 22" Telescopes to 38" **\$106.00**
#DL1003W: 17 lbs., 30" Telescopes to 51" **\$115.00**

UniFlex Roll Up Sign Stand

- Our most popular compact stand, is the perfect match for 36" or 48" roll-up signs.
- All steel construction & a heavy duty steel coil spring design providing superior stability in windy conditions.
- Displays roll-up signs 12" off the ground & features foot actuated kick releases with three locking positions for storage & stability on uneven terrain.
- NCHRP 350 compatibility. Complies with MUTCD standards.
- Displays 36" and 48" roll-up signs in several configurations.
- Minimum height from the ground to bottom of panel: 12", Open footprint: 42" x 69"

#SUF2000W: 25 lbs., 22" that telescopes to 38" **\$129.00**

TwinFlex Rigid & Roll Up Sign Stand

- NCHRP 350 compatibility. Complies with MUTCD standards.
- Wind-relieving, dual upright coil spring system - withstands heavy wind gusts.
- Easy to use with fast kick release system, locking legs into place when fully extended. Displays 36" and 48" roll-up and rigid signs.
- All aluminum construction. Open footprint : 36" x 84"
- 1-1/4" sq. legs with two position height adjustment and anti-skid foot pads.
- Minimum height from the ground to bottom of panel: 18"

#TF18-RGRU: 33 lbs. **\$205.00**

DynaLite Steel Roll Up Sign Stand

- NCHRP 350 compatibility. Complies with MUTCD standards.
- Lightweight - perfect for low wind applications. Stand weighs 20% less than Dynaflex™ stands.
- Displays 36" & 48" roll up signs using ScrewLock™ attachment. Open footprint 41" x 69".
- Fast & easy deployment with the kick release system. Legs lock into position when fully extended.
- All steel construction, telescoping legs with two position height adjustment & anti-skid foot pads.
- Minimum height from the ground to bottom of sign: 12"

#SDL1000W: 19 lbs., 22" orange, steel legs that telescope to 38" **\$100.00**

Traffic Barricade Type A & C Light

Standard Flashing Light (Runs on two 6 volt lantern batteries - not included -batteries last approx. 40 days). Type "A" flashing and "C" steady burn. High Impact polypropylene - UV stabilized. Weight: 3 lbs. Perfect for increasing visibility in poor weather conditions.

#8008:

\$23.95

LED Barricade Flashing Light

LED Flashing Light (Runs on two 6 volt lantern batteries - not included - batteries last 3 to 4 months). Weight: 3 lbs. LED technology lights can now last for years on one set of batteries. Ideal for increasing lighting in poor weather conditions in the work zone.

#8009:

\$27.95

LED Type A & C Barricade Light

Our all-new line of Type A, C and 3-way, 3volt high efficiency lights. Bright and dependable LED's coupled with power efficient, reliable moisture proof circuitry, provide trouble-free operation. Light may be operated using 2 or 4 "D" cell batteries - Batteries not included.

#8072:

\$30.00

Solar Assist 3 Way Light

Internal solar panels trickle charge "D" cell Alkaline batteries to give a superior long lasting more reliable power source. Solar panels are internal providing less chance for damage and theft. Complies with ITE purchase specification referenced in the Federal MUTCD.

#2006PLUS:

\$35.00

Solar Barricade Light - Type A&C

Dual Function, Double Sided, Solar Powered. Flash Rate: 60 Times/Minute, Power: 0.4 Watt Solar Panel, Energy: 2.4 Volt 1600 mAh, Illumination: 2 High Intensity Super Bright LEDs, Lens Cover Material: Polycarbonate, 6 Hour Sun Charge: Operates 120 Hours (Flash Mode) and 72 Hours (Steady Mode), On/Off Switch: Automatic on at Dusk; Off at Dawn, Colors : Yellow, Red or Blue

#DF002:

\$49.75

Airport LED Red Dome Light

360 degree flashing light pattern utilizing 4 LED's. Lasts 76 hours after fully charged. Internal solar panels allow light to emit through top of dome giving more visibility to pilots. Standard 2" water pipe thread allows for easy installation. Polycarbonate dome and base. Manual external on/off switch. Optional clamp and/or base sold separately.

#601:

\$60.00

18" LED Blinking Stop/Slow Paddle

Hand Held 18" double-faced LED Stop sign is composed of Engineer Grade reflective material & is push button activated. Over 1 mile visibility when illuminated. Powered by rechargeable Lithium Ion battery pack with over 12 hours of continuous flashing operation per charge. Over 2 hours steady operation per charge. Automatic 'tilt' shut off for power conservation. Foam grip for comfort. Rechargeable battery pack and charger included.

#18SL-STSLs:

\$225.00

Super Brite LED Road Flare

360° of 16 super bright LED's, Visible light range over 7 miles/visible pattern light range up to 2 miles, 9 different flashing patterns including SOS Morse, Code, solid on (Lantern),etc. Road flare includes a powerful magnet to attach to metal surfaces, Waterproof and floats, Safe to use in many HAZMAT situations. Crush and corrosion proof, Replaceable lithium battery, Comes with Travel Plastic Case Box with rechargers.

#LED3100:

\$165.00

21" Red LED Traffic Baton

Our LED traffic baton is an effective product for traffic control or crowd control. With high visibility LED red lighting, these batons are playing an increasingly important role in the traffic and pedestrian control. Make Safety Easier! Light baton includes several flash patterns: Flash - Steady - Top Lighting - Closed.

#554:

\$10.50

Work Area Light Dual

Portable area lighting. 8 foot light elevation, lamp heads independently, directionally adjustable. Battery rated for 500+ charge cycles - push to test voltage meter. Charge with clamp style jumper cables - can jump start vehicle. DC Power Port - Operate unit with external 12 VDC power - run other DC powered electrical devices. Yellow LED flasher on unit for added safety. Dim: 26"H x 17"W x 8"D. 44 lbs.

#8005: Dual Lamp

\$1,175.00

11" Red LED Traffic Baton

Traffic baton is an effective product which greatly influences traffic control or crowd control. It will play a more and more important role in the safety control field. Make Safety Easier! 11" Red LED Traffic Baton, w/Flashlight and Magnetic bottom. Flash pattern: Flash - Steady - Top Lighting - Closed. Requires 3 AAA Batteries - Not Included.

#555:

\$17.50

Workstar- Rechargeable, LED Floodlight

2200 lumens, 2 mode options & superior battery technology. Fully portable & rechargeable. 10 high powered LEDs, Li-Ion battery, 110° pivoting head, Can be mounted to a tripod, Cool to the touch, Water & shock resistant, Battery status and charging indicators, Chargers can be stored in back of the unit, USB charging port on back. Can operate while plugged in. Supplied with: 120v wall charger and car charger.

Deery Super Stretch - 1 Pallet 75 Boxes

Fast curing, premium quality, hot applied single component crack & joint sealant. Our best all around sealant. Only the most appropriate high quality synthetic elastomers, polymers, and anti-oxidants meeting exacting standards are used in combination with select asphalt plasticizers and naturally occurring reinforcing materials. Contains no solvent, is highly waterproof and resistant to a wide range of salts, bases, and organic materials. Tested for low temperature flexibility at -0°F (-18°C).

#80433-350P: **\$1650.00**

Instant Road Repair - Pallet of 36

Special blend of liquid adhesive and carefully graded limestone. Saves you money by cutting down on frequent repatching. No mixing or heating—ready to use. No special equipment needed—just use a broom and shovel. No cutting or priming of hole or crack. Adheres to asphalt, concrete or masonry surfaces, not tires. For expansion joint repairs, fill to a slight crown to allow for compaction. Depths greater than 3 inches require compacting in 2 inch layers. Use year around (Even During Harsh Weather Conditions). Can be used on wet surfaces and temperatures from -40 degrees to 168 degrees fahrenheit. Non-toxic, non-caustic, non-flammable. Can be used for repairing firm-based surfaces or for putting down overlays. Skid resistant. Won't shift or pile. Extended storage life. Makes repairs that last.

#50050: Pallet quantity of 36 - 3 1/2 gallon buckets **\$725.00**

UNIQUE® High Performance Fast Set Mortar 48 lbs.

When it comes to patching concrete surfaces, use UNIQUE® high performance fast setting mortar (HPFS). Our concrete repair solution is versatile enough that it can be used on virtually any sound concrete surface. With excellent bond strength and a quick seal, UNIQUE® HPFS is your go-to concrete patching material. Open to foot traffic in 1 hour, open to vehicle traffic in 3 hours. Applicable to virtually every horizontal concrete application less than 6" deep.

#52-00001: **\$36.95**

HP High Performance Asphalt Repair 50 lbs. Bag

Whether it is repairing utility cuts or patching that reoccurring pothole, HP high performance cold patch is rapidly becoming the material of choice. HP is approved as a high performance patching material in most states and other user agencies within the United States. HP is specifically formulated for the wide-ranging temperature and climate of your area. HP is permanent, fully guaranteed against any failure, and most important, does the job right the first time.

#34977: **\$11.50**

HP Concrete Cold Patch 56 lb. Bag

Crafco HP Concrete Cold Patch is a unique, gray color, cold applied, single component patching material. Use HP to repair potholes, spalls, cracks and other confined voids and distresses over 1 inch wide and greater than 1/2 inch deep in Portland Cement concrete. It can also be used to repair roads, highways, streets, airport pavements, parking lots, bridge and parking decks, sidewalks, walkways and floors. Unlike most other concrete patching materials, no mixing, heating or special installation equipment is required. Works in all weather conditions; wet, cold or hot. No mixing, mechanical compaction or tacking. Permanently adheres to concrete. Patch will not release. Use at any temperature between 30° and 100°F. Open to traffic immediately after compacting. 56 lbs. 56 Bags per pallet.

#34969-51: **\$29.50**

STIFFWITCH® Broom

Make those repairs even faster and easier by using the STIFFWITCH® broom for road repair. STIFFWITCH broom leaves no debris unturned for a perfect sealing and filling operation every time. Sometimes known as a road broom, is a tool specially designed for removing debris from cracks, potholes, and damaged areas of asphalt and concrete pavement and infrastructure. A completely clean and debris-free repair field is always necessary for the best fill and adhesion with UNIQUE's pavement and pothole repair products. The strong, durable STIFFWITCH broom makes that clean and debris-free repair zone completely possible.

\$215.00

Movit Portable Plastic Barricade - 6.5'L x 39.4"H x 2"D

#BAR

Durable one-piece design, stacks compactly for storage & transport. Manufactured in a polypropylene material that's durable, lightweight, environmentally safe & easy to handle. Proven worldwide at prestigious events. Perfect substitute for heavy steel barricades. 6 1/2 ft. Long, comes in a variety of colors & has an integrated display area reserved for your logo or message. Integrated inter-panel connection system allows panels to remain connected at 90 degree angles, yet disconnect easily. Pre-drilled holes in each foot to allow for permanent anchoring. Perfect for indoor & outdoor.

\$176.00

RotoCade™ Display Style Barricade - 86"L x 42"H

#RC01

RotoCade barricades are oversized for extra safety & effectiveness. Each barricade measures 86" long (96" hinge-to-hinge) x 42" high (44" standing height) when deployed & creates an extremely durable & highly visible barrier. Additional height prevents barricade jumpers from unauthorized crossings and aids security. Has an oversized display area for signage & graphics & event information. Panels stack flat for storage & transport. Panels may be filled with water or sand for greater ballast. Due to their added height and stability, these barricades are perfect for hanging banners and flags. Available Orange, Green, or Yellow.

\$195.00

Crowdstopper® Steel Barricade - 8'7"L x 43"H

Weight is 92 lbs.

#OM6048: Round Posts (anchor hardware included) **\$198.00**

Indoor/Outdoor Convex Circular Mirror

Indoor/Outdoor Acrylic Convex Mirror with Resistant Backing & Trim. Increase Visibility - Prevent Accidents & Deter Theft. 160° Degrees of Viewing Area. Includes mounting hardware, backing, trim around lens edge. Suitable for almost any security or safety application. As these mirrors reduce the image size, it is important to use a mirror that is large enough to allow visibility & detail of the area you are monitoring. A good rule of thumb is to use one inch of mirror diameter for every foot of distance you are from the area you are monitoring (watching a 30' area, select a 30" diameter mirror). Clean with a microfiber cloth using ammonia free glass cleaner or a gentle soap & water solution. Do not use harsh chemicals or abrasive cleaning materials.

Wind Sign II Gray - Quick Change

Resists head-on winds up to 60 mph. Quick change feature allows signs to slide in and out easily. Uses Coroplast signs or other material 3/16" thick or less. All plastic frame eliminates torn, bent or rusted frames. Plastic base has two built-in wheels & can be filled with dry sand. Tool free assembly. Maximum sign weight of 5 lbs per side. Coil springs resist strong winds and return the sign to an upright position. Weighs 25 lbs - Base 9lbs, Maximum of 115 lbs of dry sand. Made in the USA

#1822: Frame Dim: 42.9"H x 26"W x 2.5"D, Base Dim: 53"H x 28.7"W, Sign Insert: 24"x36" & 3/16" Thick

\$139.00

5 or more **\$129.00**

Quik® Sign

Change signs in seconds with no extra hardware! Once installed, signs stay securely locked in place. Won't tear or scratch car seat upholstery. Plastic is far more friendly than steel. High density polyethylene assures no rust, splinters, discoloration or maintenance. Attractive, light weight, durable and inexpensive. Molded-in regress helps protect sign faces. Display two signs per unit. Molded-in 'stacking lugs' nest into each other when units are stacked which prevents sliding.

Portable - Measuring 30.5" H x 26" W - 6.8 lbs. Sign Face 18" x 24". 2" Thick when closed. Made in the USA

#1200: Black or White Stand

\$35.95
