

LED Flexible Banner Manual

WHAT'S INCLUDED

LED Flexible Banner

14.5ft Power Cable

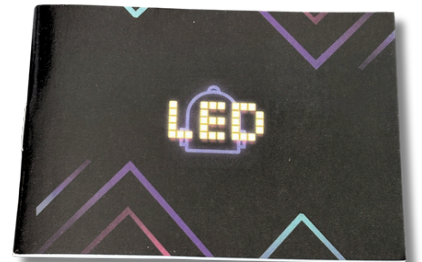

Adhesive Tape For Walls

Car Adapter

Remote Control with Pre-Loaded Driving Messages

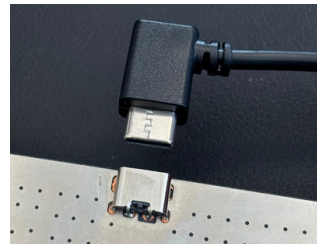

App Download Manual

INSTRUCTIONS

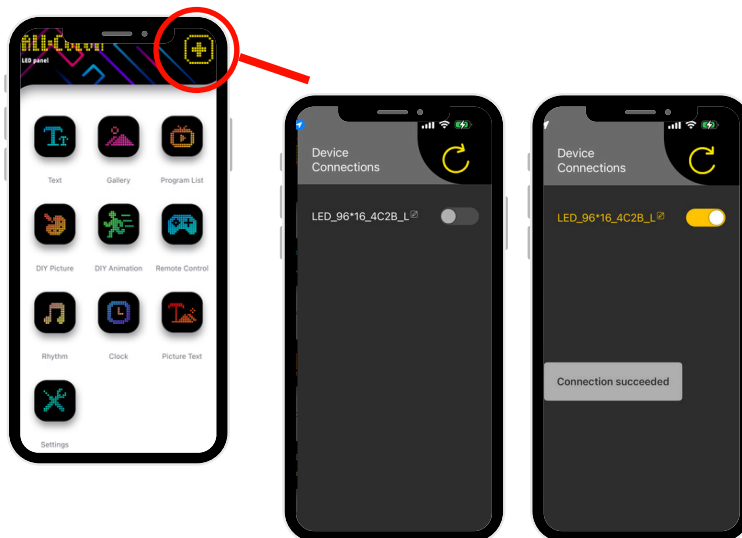

Before starting, download the **iPixel Color** app on the Google or Apple App Store.

Plug the USB-C end of the power cable into the banner's side port.

To use the app, press the plus (+) icon at the top right to connect your LED banner. Make sure the power switch on the cable is turned on.

If you want to use the included remote control, view the icon chart on the next page.

Remote Control
