Sign Sizing Guide

18: use with signs 24" x 24" or smaller
recommendation based on ballast of 80 lbs.
24: use with signs 26"W x 38"H or smaller
recommendation based on ballast of 150 lbs.

Fill Base

Roll-A-Post 18 Options:

1. Dry Sand - 60-80 lbs.
2. Water - 6.5 gallons (50 lbs.)
3. Water + Anti-Freeze - 6.5 gallons total
 - use 50/50 mixture for freezing temperatures
4. H2OLD Base Gel + 5 Gallons of Water

Roll-A-Post 24 Options:

1. Dry Sand - 150-180 lbs.
2. Water - 15 gallons (120 lbs.)
3. Water + Anti-Freeze - 15 gallons total
 - use 50/50 mixture for freezing temperatures
4. H2OLD Base Gel + 12 Gallons of Water
 - good for freezing temperatures

Recommend only filling up to 80 lbs. if planning to move after filling

Fill With Water!
