

Let the Power of the Sun Make Your Brand Shine with Sunsign Solar Illuminated Portable Signs.

What good is having a sign if it can't be seen...

Experience the Brilliance of Our Backlit, Double Sided Independent Graphics Sunsign.

The Patented Sunsign has been meticulously crafted and designed for easy everyday use.

- **Versatile Directionality:** No need to worry about directly facing the sun.
- **Efficient Charging:** Capable of charging even on cloudy or overcast days.
- **Extended Illumination:** Provides up to 10 hours of brilliant nighttime lighting.
- **Simple Operation:** Just turn it on and place it outside in the sunlight for automatic nighttime turn on.
- **Weatherproof Durability:** Built to withstand the elements.

Place It Practically Anywhere.

No Plugs, No Cords, No Electrical Wiring Hazards ...Suitable for Fixed or Portable Applications

- **Wheel Option:** Easily transport your sign.
- **Snap-On Extender Legs:** High wind areas.
- **Permanent Mount:** Holes to bolt/secure in place.
